

Micro LASER DISTANCE METER

30m/40m/50m

- ✓ Handy and compact design
- ✓ Minimeter measurement
- ✓ Rechargeable Battery
- ✓ High Quality & Durable
- ✓ Efficient, Stable and Precise

High Accuracy

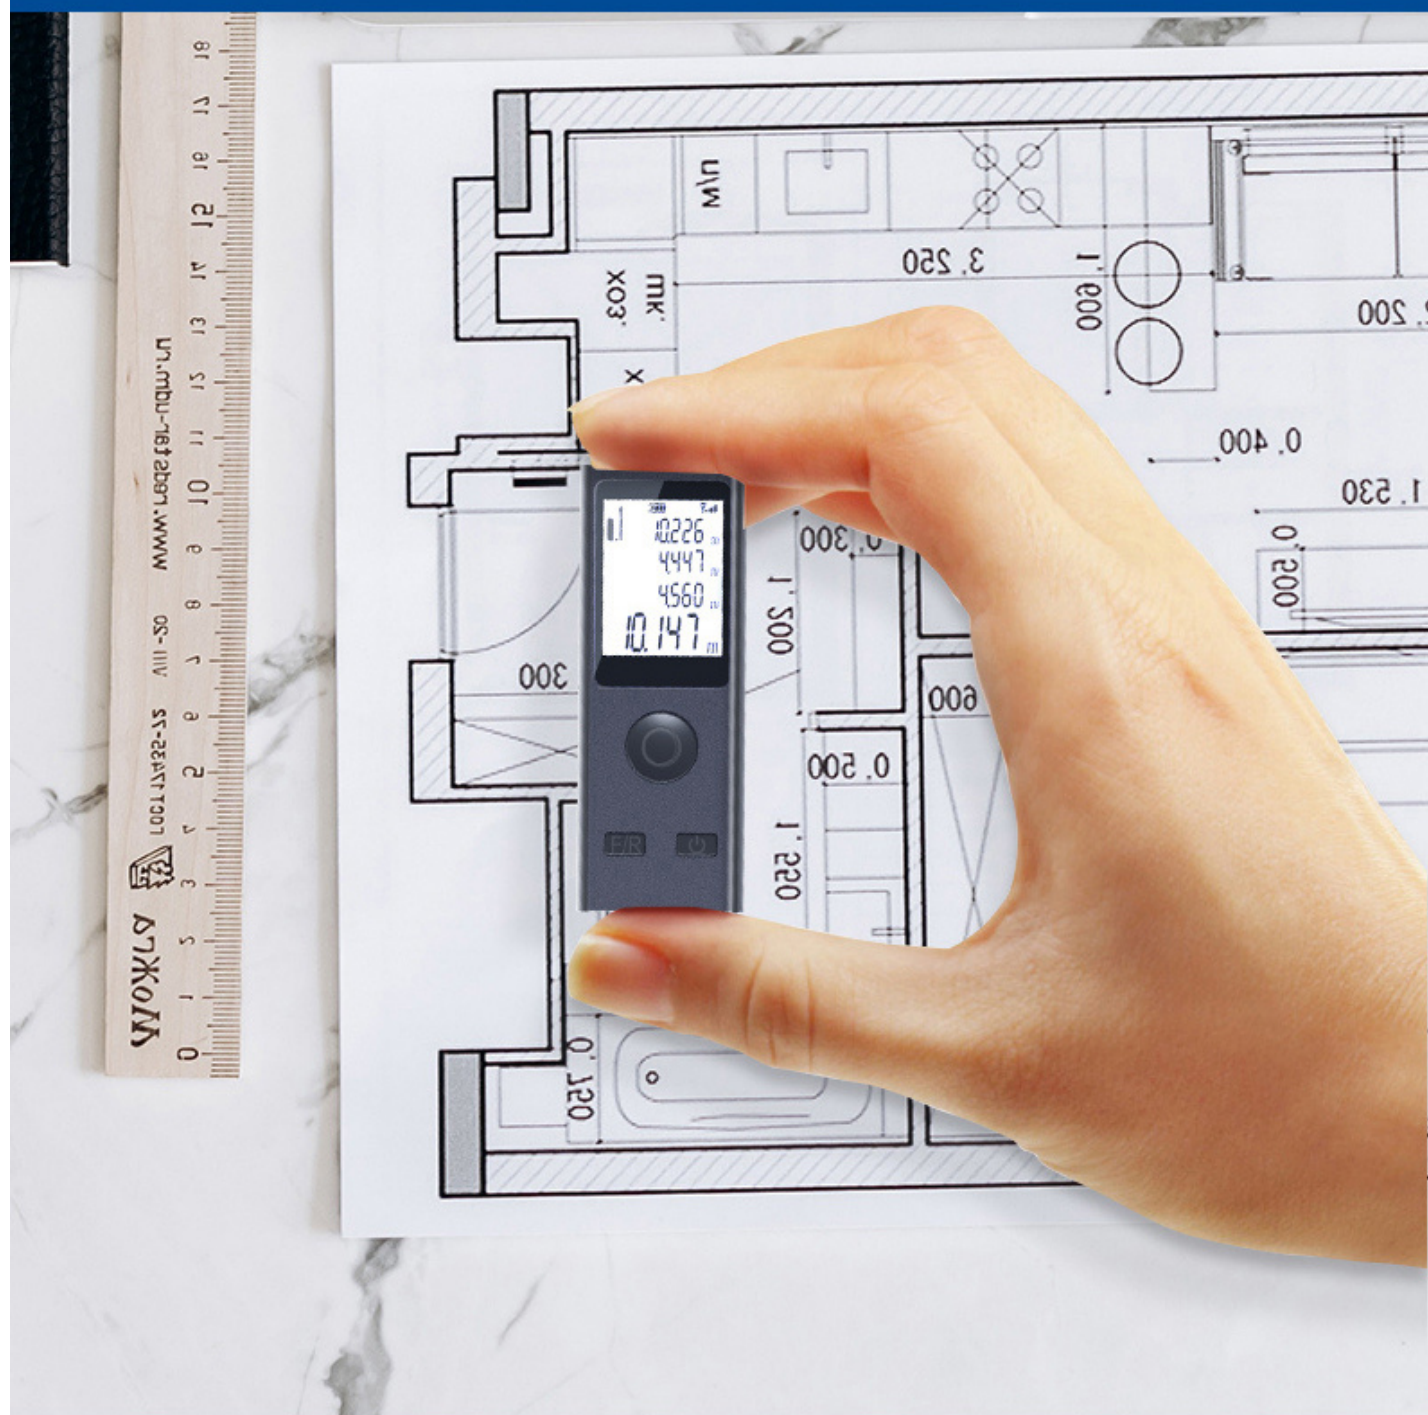

Multi-function
Measurement

5000 single
measurements

Make your measurement easier !

High Precise

LCD with
backlight

battery

Multi-function
measurement

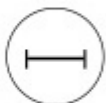

250mAh /USB port and fast charging

5000 single measurements
per full charging

Multi-Function measurement meets your daily measurement

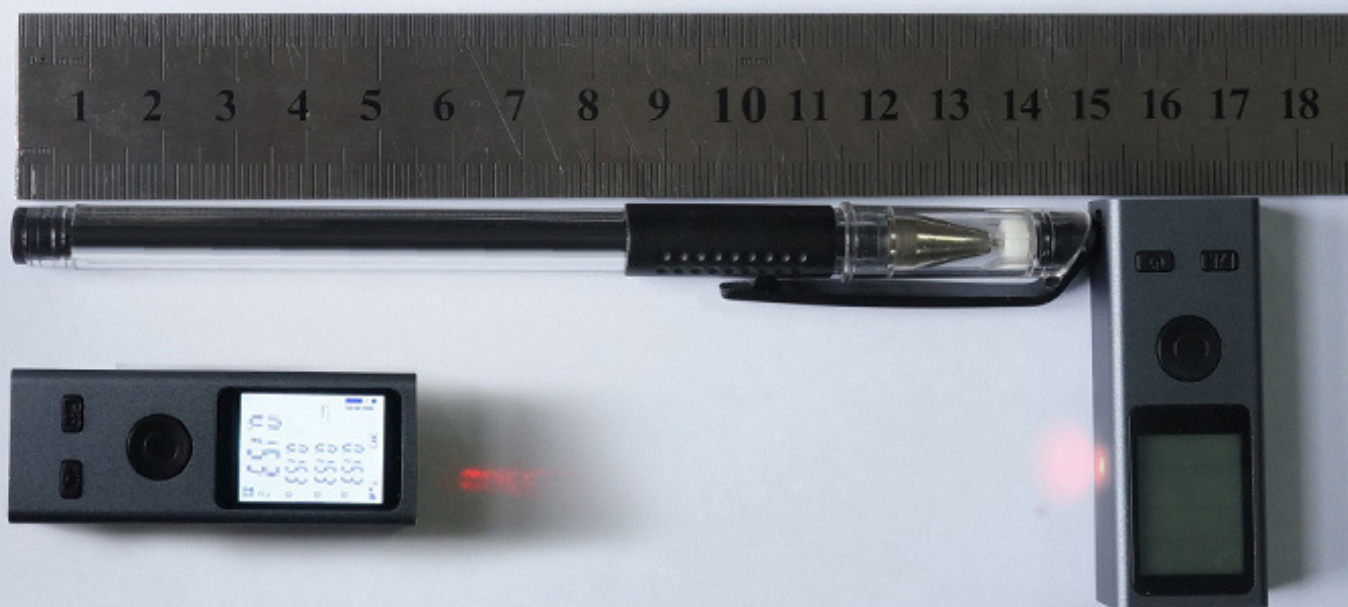

Small and compact size, easy to carry

Easier, Faster and more Accurate way to measure

Millimeter Accuracy $\pm 2\text{mm}$

Measuring Range 30m/40m/50m Optional

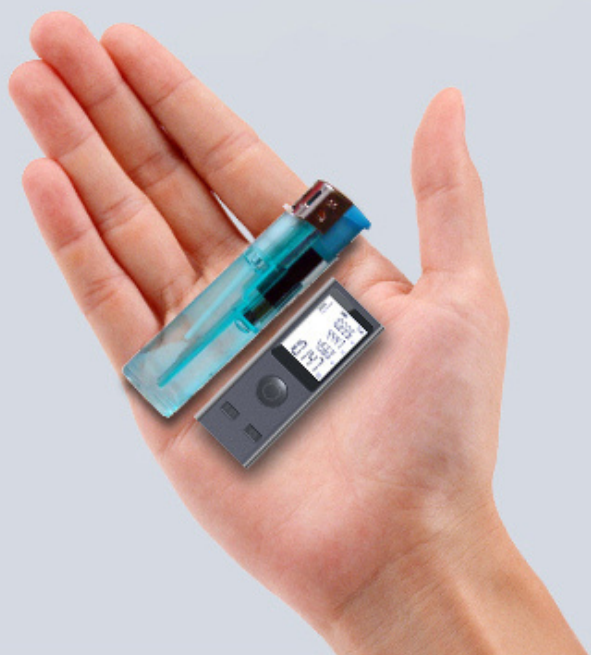

0.03~ 50m

Metal shell, more durable

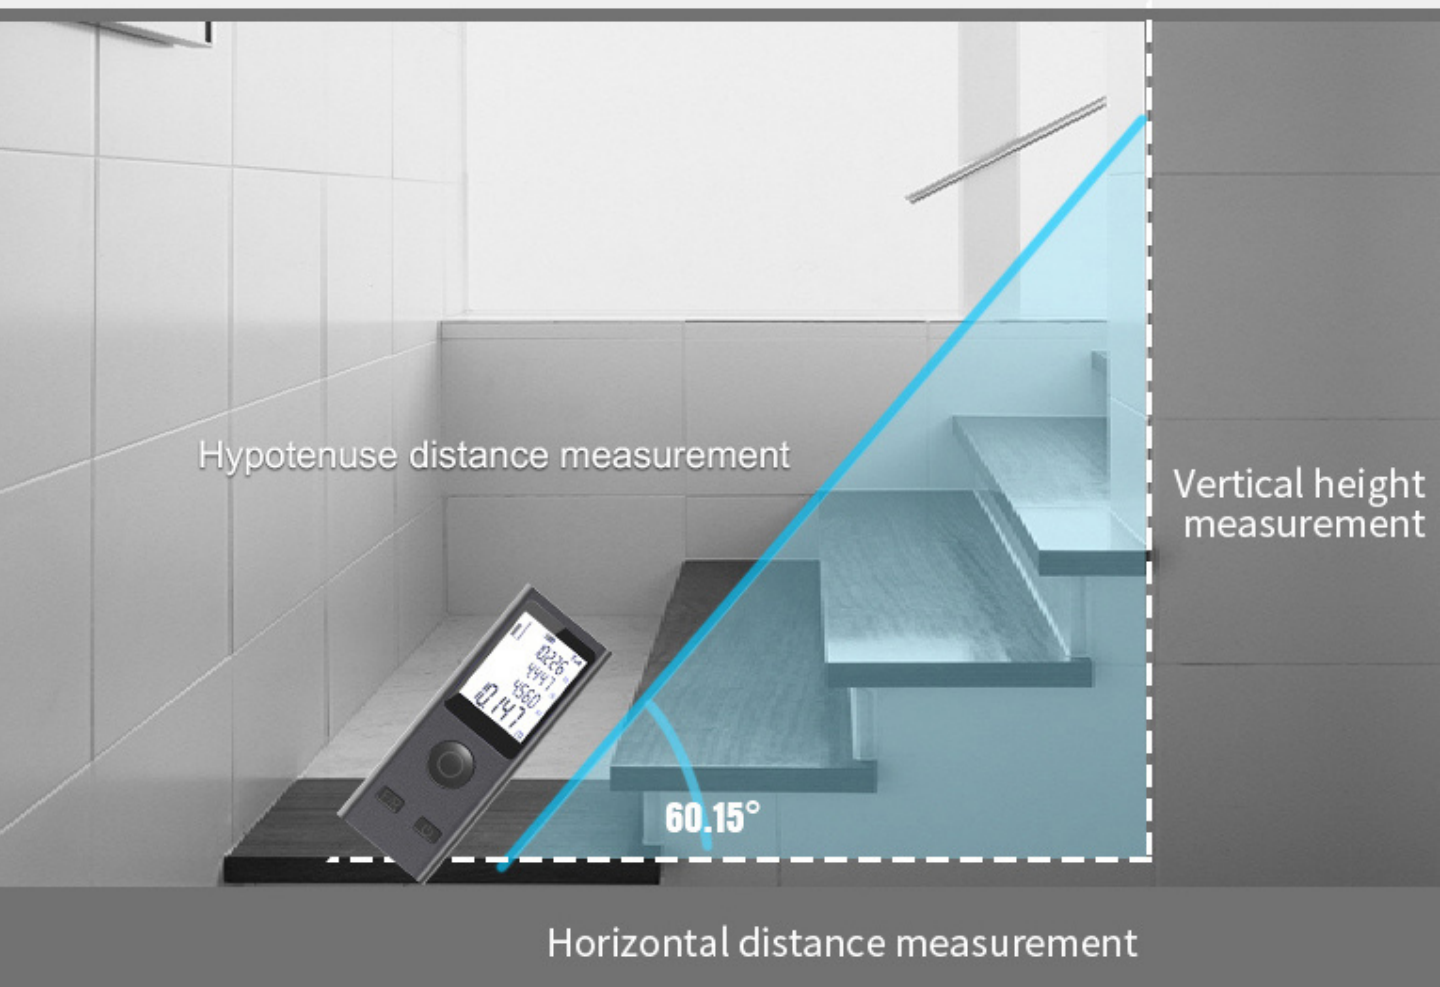

56mm

Auto-measure Angle, height measurement by one key

Display value between 0~ 90 degrees

Auto Measuring
