Ref: Fireray 5000 Series – Obsolescence Notice (FON-2506)

With the launch of the Fireray Hub Reflective product and careful review of our Fireray portfolio, we are obsoleting the Fireray 5000 products detailed in appendix 1 and will be removed from sale 31st March 2026.

Removing a product line is never an easy decision, however, the Fireray Hub Reflective is the perfect replacement, offering improved detection, wider coverage with up to three detector heads per controller, and advanced light cancellation technology. This ensures customers benefit from a future-proof solution that is easier to install, more flexible for larger spaces, and fully supported moving forward.

Forecasts:

To ensure we can continue to supply you with Fireray 5000 products before the cessation of the range; 31st March 2026, it is imperative that you provide your forecasts by 31st October 2025.

Last Time Buy:

Please note that any orders without having a forecast submitted may not be fulfilled. The last date to receive orders is 31st January 2026. Our anticipated final shipment date is 31st March 2026.

What you need to do:

Action	Date
Forecast submission to FFE for any last time buys	31 st October 2025
Submission of final orders to FFE – need to have been forecast	31 st January 2026
Final shipments ex-FFE	31 st March 2026

Support and Assistance:

Should you have any questions or require assistance during this transition, our customer support team is ready to help. You can reach them at orders@ffeuk.com.

Kind Regards,

Liam Arstall
Head of Product Marketing
